

## THE SAGA OF CLYDE AND MARY MIDDLETON

### FORT MITCHELL COUNTRY CLUB

NKHL presents a lovely afternoon with a nostalgic look at our very own friends and members, Clyde and (the late) Mary Middleton.

Join us for this fascinating tale of two interesting people who have impacted our community for many years. Relayed by their son John, their story of two who were destined to connect and form a team that accomplished so much. Having heard this program several months ago, we assure you this is a touching presentation. When we left, there were very few dry eyes in the audience.

We will meet for lunch at Fort Mitchell Country Club consisting of your choice of chicken crepes with mornay sauce, *or* the Fort Mitchell salad with turkey, ham, and hard-boiled egg on mixed greens...and a non-alcoholic beverage. Following lunch, John will share his presentation of his parents' life, their love story, their travels, and some of the people they met during their political years.
